Bossy Acres CSA

Week 18 / Oct. 21st & Oct. 23rd, 2014

Thanks to those that came out for the Pumpkin Pick this past Sunday!

It's always wonderful to connect with our members.

Hope you got your fill of cider, donuts, snacks, pumpkins, and fun!

Farewell to Our Full Share Members:

This week marks our final delivery for our full share members so we wanted to say a **big thank you** to all of you for the support and cheerleading this season. We've so appreciated the enthusiasm and hope that you've enjoyed the adventure that the harvest brings.

What's Next?:

As you know, we'll be taking some time away from the CSA to learn our land, enhance our soils, explore other enterprises, build up our homestead, and re-visit our business plan moving forward.

We're excited to venture into mushrooms, honey, maple syrup, perennials, trees, nuts, berries, fruit, chickens, hoophouse growing, and eventually dairy goats.

We've so appreciated all of your support throughout the years and are so grateful for such a rockstar group of members and friends.

We look forward to growing for you again one day!
